Chalet Perdrix Blanches

Chalet Perdrix Blanches, situated in Courchevel 1550

The resort has had a face lift over the summer and will be pedestrianised in the centre and very much smarter by the 2007 season. In 1550 you also have the advantage of the extra miles of swooping runs back to the chalet.

This totally refurbished chalet will be a great place to enjoy stunning views down the valley. Its location could not be more perfect... just a hop, skip and a jump to the pistes and the same to the lively town centre meaning you really can make the most of everything the resort has to offer.

The open plan living and dining area is perfect for mingling or for finding a quiet corner to curl up with a good book.

The chalet will be finished to a very high standard with a great attention to detail and every room is en-suite - so no arguing over who gets which room!

There is also going to be a brand new sauna which will add a real touch of luxury to every holiday. Each guest will find a bathrobe, slippers and a complimentary pack of l'Occitane products awaiting them in their room.
